DEPARTMENT OF COMPUTERAPPLICATIONS (BCA)

NOTICE

It is necessary to draw the attention of the students of B.C.A. towards the fact that it has been observed that the attendance of most of the students in the 1st and 3rd semesters is found to be very low, and if it continues to be so for a few more days, most of the students will fall short of the required attendance percentage of 75%, which will eventually lead to the debarring of the students from sitting in the examinations.

Therefore, all the students of the above-mentioned semesters are hereby cautioned in their own interest to comply with the attendance requirements and attend the classes and lab work regularly as per the timetable to avoid the consequences of a shortage of attendance.

It is once again reiterated that if a student is found short of attendance, he or she shall not be allowed to sit in the internal examinations and eventually be debarred from appearing in the end-term theory and practical examinations.
