

## REPORT OF WORLD DAY OF SOCIAL JUSTICE

Under the banner of "One Earth, One Planet, One Future", The department of Political Science today on 20.02.2023 organised a programme on sub-theme "World Day of Social Justice" in the Conference Hall of the Degree College Ganderbal. The programme was attended by the students of the college irrespective of their faculties and semesters. Faculty members of both science and Humanities also took keen interest in the event.

The programme was inaugurated by Dr. Mushtaq Ahmad Rather, Assistant Professor in Political Science. He in his address highlighted the theme for this year "Overcoming Barriers and unleashing opportunities for Social Justice". Dr Mushtaq deliberated upon why and how we should celebrate the day of social justice. He emphasised that we need to raise the awareness of social justice and bring together the diverse communities around the world owing to the fact that there are grave disparities and inequalities present in the societies which give rise to social injustice. It was said that in order to eradicate poverty, gender inequality, physical discrimination, illiteracy and religious discrimination we all need to give support and cooperation and government and privileged class have the more responsibility.

Professor Mehrag Din Bhat, Assistant Professor in Political Science also deliberated on the theme, wherein he highlighted how the world is divided between rich and poor, man and women, upper classes and lower classes, how we see different standards of living around the world and in different communities. He also highlighted the constitutional provisions present in the Indian Constitution which ensure the absence of injustice and establishment of social justice, and how this document was built as a social document to remove inequalities of any sorts from the Indian society.

In the end students were given chance to raise the questions and after that vote of thanks was extended to each and all who participated in the event.
